

## NHS Contract

\_\_\_\_\_ I understand that NHS is an honor society which I have been invited to join. I may be suspended for a year or removed from NHS based on my GPA falling below 3.65, or due to character infractions including but not limited to significant, persistent attitude problems toward teachers, peers, or support staff that do not improve after discussion and warnings; repeated or severe violations of the student handbook; frequent tardies to school or classes.

\_\_\_\_\_ I will pay \$20 as dues.

\_\_\_\_\_ I realize that because of the academic gifts God gave me, I can bless others. I intend to work hard to maximize those gifts for the glory of God and his people.

\_\_\_\_\_ I realize that grades are important but learning is more important.

\_\_\_\_\_ I expect to attend all NHS meetings. If an issue arises, I may be excused from one meeting in the fall semester due to travel, sports or family events (2 excuses spring semester). Three tardies equals one absence. Illness or car trouble will be handled on a case by case basis; if I miss the school day, I am automatically excused. We will have approximately 5 formal meetings per semester but I may help with a project that has more meetings.

\_\_\_\_\_ I must participate in the full day of Service Day (or make up those 6 hours elsewhere), plus 6 more hours on my own each semester. Ongoing, meaningful service provides greater impact for God's kingdom than one-time experiences, but the latter is ok, too.

\_\_\_\_\_ I must attend events to which I've committed, including service projects. I will arrange in advance for rides, and be a faithful to my word. In fact, people will say I am the kind of person who can be counted on to keep his or her commitments. If I run into a conflict, I will let Mrs. Pettit, the student leader, and anyone else pertinent know as soon as I can, definitely a few days before the event.
