

SWCHS National Honor Society Parent Reference

Student Name: _____

Parent(s) Name: _____

Membership in the National Honor Society chapter of Southwest Christian High School is open to those students who meet the required standards in four areas of evaluation: scholarship, service, leadership, and character.

Students interested in applying need a recommendation from one teacher, one character reference, and his or her parent(s). They are required to ask for their recommendations in person, politely, and provide the necessary form in a printed or digital option per the recommending person's preference. Please do not fill out forms for students whom you believe are disrespecting your time.

To make this process easier, parents may simply initial and sign at the bottom. If you have any questions, please contact Jessica Langert, chapter advisor, and I will keep your responses entirely confidential. If a student is not accepted into the society, he or she will not be informed of your concerns.

Parent Reference Initial	Recommendation:
	My child mostly enjoys learning and has a positive attitude toward most academic opportunities.
	My child is willing to serve others, and in the past has willingly contributed time and effort to help other people.
	My child has the bandwidth to add another activity to his or her schedule.
	Remembering that my child is a teenager who will struggle as all kids do with becoming mature, my child treats the people in our home with respect and obedience most of the time.
	If voted for by his or her peers and the school leadership committee, my child has my permission to run for one of the four leadership positions for NHS.
