

## SWCHS National Honor Society Teacher Reference

**Student Name:** \_\_\_\_\_

**Teacher Name:** \_\_\_\_\_

Membership in the National Honor Society chapter of Southwest Christian High School is open to those students who meet the required standards in four areas of evaluation: scholarship, service, leadership, and character.

Students interested in applying need a recommendation from one teacher. They are required to ask for their recommendations in person or via email, politely, and provide the necessary form in a printed or digital option per the recommending person's preference. Please do not fill out forms for students whom you believe are disrespecting your time.

To make this process easier, teachers may simply initial and sign at the bottom. If you have any reservations about this student, please note it in the "notes" section. Please return this document to Jessica Langert, chapter advisor, and I will keep your responses entirely confidential. If a student is not accepted into the society, he or she will not be informed of your concerns.

Teacher Initial	Recommendation
	This is a curious student who enjoys learning. He or she demonstrates interest in learning things both in my class and about life in general.
	This student enjoys my class and seems to have a good attitude about academics in general.
	This student does not seem overwhelmed by his or her schedule (does not regularly ask for extended due dates or complain about homework) and might have the bandwidth for another activity.
	This student is generally kind to the other students in class, respectful of other opinions, and contributes to a positive environment for us all.
